

Join us at ISTH 2024, Bangkok, TH
Monday, June 24, 2024 | 12:15–13:30 ITC | Room 210

UNDER THE
SPOTLIGHT

Next-Level Insights on Prophylaxis in von Willebrand Disease

Are You Addressing
Your Patients' Needs?

Join us as we
examine the critical role
of prophylaxis in severe VWD.

Further results of the largest
clinical study in prophylaxis for VWD
will be presented, alongside exploring
the role of prophylaxis for heavy
menstrual bleeding and optimising
care during pregnancy for
VWD patients.

AGENDA & SPEAKERS
